Logging into the Ascendance modules via the website

Note: for Mac users you must have RDS10 installed from the App Store

Logging into the Ascendance modules is a 5-step process.

Here are the steps:

- 1. Open a browser to the website: <u>https://access.senior-anywhere.com/RDWeb/Pages/en-US/login.aspx</u>
- 2. Login with your normal credentials as the example below shows.

3. Single click which module you would like to launch.

4. A security window will appear. Enter your credentials in the format below. Your login will need@senioranywhere.local added to the end. This will default with the last login ID you used.

Windows Security	\times			
Enter your credentials				
Type your user name and password to connect to SeniorApps				
a 1. sandbox@senioranywhere. local				
•••••				
More choices				
OK Cancel				

Note: If you use multiple login ID's, you will need to select "Use a different account" and then enter your login information. (as shown below)

Windows Security				
Enter your credentials				
Type your user name and password to connect to SeniorApps				
a1.sandbox@senioranywhere.local				
·····				
Domain: senioranywhere.local				
More choices				
a1.dmorin@senioranywhere.local				
Use a different account				
OK Cancel				

 Login to the module as you always have. If you have any issues, please contact Senior Systems support at <u>seniorsystems-support@communitybrands.com</u>.
